WORK EXPERIENCE

Yale Math Department, Undergraduate Course Grader, New Haven, CT

September 2026 – Present

- Evaluate weekly problem sets for ~120 students in Linear Algebra with Applications, providing tailored feedback.
- Coordinate with the instructor on rubric calibration and flag recurring conceptual errors, shaping subsequent lectures.

Gestión de Riesgo S.A.S., Summer Analyst, Bogotá, Colombia

May – June 2026

Boutique consulting firm focused on FX and commodity hedging

- Proposed AI workflow integration firm-wide, prompting leadership to fund an AI toolset for the analyst team.
- Developed two AI workflows for analyst use: a tutor based on Hull's *Options, Futures, and Other Derivatives*, and a human-in-the-loop orchestrator generating forward curves and price-estimation windows.

Quantil S.A.S., Summer Intern, Bogotá, Colombia

June – August 2024

Quantitative consulting firm focused on optimizing business decision-making

- Completed a mentored study of reinforcement learning theory (Sutton & Barto), implementing Q-learning to find optimal strategies for the Gymnasium games Blackjack and Taxi ([GitHub repository](#)).

Páramo Presenta, Independent Consulting Project, Bogotá, Colombia

May – June 2024

Largest concert producer in Colombia; Live Nation subsidiary (NYSE: LYV)

- Analyzed how early ticket sales affect final demand in events, recommending a staged dynamic pricing framework.

LEADERSHIP EXPERIENCE & ACTIVITIES

Club Colombia, Vice-President, New Haven, CT

May 2026 – Present

- Re-founded the club and grew it from inactive to 54 undergraduates, graduates, and faculty within one semester.
- Lead a 7-person board across 5 teams, setting semester agendas and unblocking team leads on stalled deliverables.

Yale College Chess Club, Board Member and Competitive Player, New Haven, CT

January 2026 – Present

- Coordinate weekly meetups and semester competitions resulting in a total attendance of 300+ students and faculty.
- Peak1830 FIDE Elo through internationally rated tournaments; 2031 online rating on Lichess.

Yale Daily News, Guest Columnist, New Haven, CT

October 2025

- Argued in [Sit in Silence](#) that compulsive distractions drown out questions boredom raises, blocking self-knowledge.

TEDxColegio Nueva Granada, Speaker, Bogotá, Colombia

March 2025

- Contended in [Making Decisions Beyond the Chess Board](#) that navigating uncertainty is what decides outcomes, since every framework fails under complexity: consequences are unpredictable, intentions self-serving, rules rigid.

SKILLS AND INTERESTS

- *Skills*: English (Fluent), Spanish (Native), Python, NumPy, Pandas, Java, LaTeX, Claude Code.

- *Interests:* AI Ethics, Attention Activism, Modernist Literature, Existential Philosophy, Independiente Santa Fe.
